Over there are First Year guys that were under Sunahara .....

It seem's that no matter what he'll still be worried about Sunahara.... He's dangerous but if he knows your a friend he'll push himself to the limits
Masaki was Sunahara's old companion .....

No matter what debt it is .....
He'll follow through with it till the end
Daimonji for whatever reason has a debt to pay back to Noseholes

Noseholes knows that we're doing all of this for our own sake .....

Have no other way of settling things other then with these ....

You don't need to worry about me Sunahara
